Elaine Chua aims to be the first Singaporean — and first Asian woman — to complete the Mini Transat sailing competition in September 2005.

The Mini Transat is a biennial solo race across the Atlantic Ocean involving the mini yacht class — the smallest open-class yacht measuring 6.5m by 3m. It has a 1.6-m-deep keel and an 11-m-high mast. She will start from La Rochelle, France, and finish at Bahia, Brazil, about 4,000 nautical miles away. There is only one stop-over — the Canary Islands in the middle of the Atlantic.

A project of such magnitude needs funds and the Republic of Singapore Yacht Club would like to help Elaine in her voyage and hopefully, inspire more to participate in sailing, or simply to pursue their dreams.
